Student Visa 500 – Genuine Temporary Entrant (GTE) Requirements

The following information is intended to provide general guidance to international students applying for enrolment at Canterbury College on the Genuine Temporary Entrant (GTE) criterion which must be satisfied as part of the student visa application process.

This information is based on information published by the Australian Department of Home Affairs. To avoid unnecessary delays in the student visa process students are advised to only submit a visa application when they can provide all information and evidence that is required.

The genuine temporary entrant (GTE) requirement is an integrity measure to ensure the student visa program is used as intended and not as a way for international students to maintain ongoing residency in Australia. The Genuine Temporary Entrance (GTE) requirement applies to **all** student visa applicants.

GTE considers whether the individual circumstances of the student indicate that their intention is for a temporary stay in Australia. When considering the circumstances of a school student, an important consideration for the Department of Home Affairs, is to be confident that the student can effectively reintegrate to their home country on completion of their study.

This may be challenging in circumstances where a student completes all their primary and secondary education in Australia. On this basis, a school student intending to study in Australia from year 1 through to year 12 would not meet the GTE requirement.

A Student Visa 500 applicant must provide a personal statement in English addressing the GTE requirement when submitting their application for a Student Visa. The applicant and parents may also be interviewed by Immigration officers.

1. Have you ever previously travelled to Australia? If Yes, when?

2. Have you ever had an Australian visa application rejected or an Australian visa cancelled?

3. Please tell us about your family and living relatives in your home country? How often do you see them?

4. Do you have any family or friends in Australia? *(If yes please state their name, their relationship to you and in which state they live)*

5. Have you in the past or currently applied for admission to other Australian Schools or Colleges? *If Yes, please provide details*

6. Have you studied in Australia before? *(If yes, please provide details of the education provider, program names(s) and dates of study.)*

7. Why do you wish to study in Australia rather than in your home country?

8. Why have you chosen to study at Canterbury College?

9. Please describe the investigation you undertook into your study options in other countries, or at other Australian education providers before choosing Canterbury College?

10. What are the academic or co-curricular aspects of Canterbury College that are of interest of you?

11. Please share your plans for your future after completion of your Canterbury College studies?
